## This Just In: The Safe Sippy™ Has Arrived!

The Safe Sippy is the ideal alternative to standard plastic sippy cups. Made of medical grade stainless steel, the Safe Sippy is clean, inert and non-leaching. What you put in the Safe Sippy is what you get out. The outer rubber sleeve makes it easy for little hands to grip and prevents them from getting cold from the drink inside. The plastic spout used on the Safe Sippy is certified free of Bisphenol A, DEHA and phthalates.

It holds up to 11 ounces, so it's perfect for baby or a bigger kid. The removable handles change the look to make it more of a "big kid" cup. It has a silicone, no leak valve, so it's safe and also avoids spills. It's top rack dishwasher safe to make cleaning a breeze. Safe for 6 months and up, it will grow with your child. What else makes it so great? It even looks cool too and comes in three fun colors. Why not choose the sippy that has everything you need and want rolled into one great cup? Come in and check them out!

## Rainy Day Fun Things You Can Do At Home

April showers bring May flowers, but stir crazy kids need fun stuff to do, here are a few easy & safe ideas:

**Mini-bowling** - Toilet paper rolls and a ball of aluminum foil (or a rubber band ball) for a child-size bowling alley.

**Castle Creations** - Canisters, paper towel rolls, and toilet paper rolls with slits cut into the tubes can be interlocked to build play castles.

**Beat The Band** - Extra pots and wooden spoons for homemade drum sets (headphones for mom are optional).

**The Not So Obvious** – It's so easy, it's easy to forget. Babies & kids LOVE boxes! Find a cardboard box of any size to make a car, fort, doll house or whatever else they can imagine.

## Farm Fresh Wear For Baby

Cute AND organic. The MooMe cow print onesie is 100% organic cotton with lap shoulders and comes packaged in its own milk carton and the fruit & veggie print bibs come in baby food jars. Baby will look fresh picked from the farm in these!

## Put Some Spring In Their Steps With Bicals!

Amazing is what we call these incredible little shoes! Made in Brazil, **Bicals** are part shoe, part sock and ideal for so many reasons. The rubber traction sole & toe cap make them perfect for outdoors, in the pool, on hard floors or anywhere else shoes are needed, but they bend like soft soled shoes to give the comfort little feet need. Soft neoprene uppers are comfy, breathable and easy to put on. Anti-microbial soles and machine washable design make them easy to keep fresh. They even smell great fresh out of the box thanks to a light baby powder scent. Add the fact that their adorable, colorful styles look so cute on little feet and you have a new favorite shoe for this spring & summer. Available in sizes 4-8. Come check out all the latest styles today!
